INS Consultants, Inc. (INS) has reviewed BEST Life and Health Insurance Company's (BEST) group dental filing for plans On and Off the Tennessee Exchange. Please note that rates On and Off the exchange are the same.

This filing was submitted on April 30, 2013 requesting approval of a new Group Family Dental Policy, Child Ortho Benefit Rider, Dental Accident Benefit Rider, related Certificate and Application forms and rates, to meet both the Tennessee regulatory requirements and the Federal Affordable Care Act (ACA) requirements for offering pediatric Essential Health Benefits (EHB) using a stand-alone dental plan in the small group market. The filing covers two pediatric-only plans, Essential Pediatric High and Low, and three additional supplemental dental plans to allow for family coverage, High, Mid, and Basic; the pediatric-only plans incorporate the required pediatric dental EHB, and can each be combined with any of the supplemental plans. The six combinations of Pediatric/Supplemental plans for which rates are provided on the exchange are High/None, Low/None, High/High, High/Mid, Low/Mid, and Low/Basic. All plans are marketed On and Off the exchange. Forms and rates are requested to become effective for new business on and after January 1, 2014.

In support of their request, BEST has provided the proposed new forms and rates, an actuarial memorandum, Rate Data Template, Qualified Health Plan Application Certification, Stand-Alone Dental Plan Actuarial Value Supporting Documentation and Justification form, and Stand-Alone Dental Plans-Description of EHB Allocation form. The actuarial memorandum includes, inter alia, plan descriptions, pricing assumptions and rate derivation methodologies, the anticipated loss ratio (67.75%), and appropriate actuarial certifications.

After a review of the actuarial memorandum and related supporting materials, INS identified, on July 11 and 24, several matters that required additional clarification or correction. Subsequently, on July 18 and 26, BEST provided clarification and corrections that responded to the questions raised by INS, including a correction to the renewability provision so that the coverage was guaranteed/conditionally renewable instead of optionally renewable.

INS has reviewed the submission in its entirety. INS has checked for compliance with Tennessee loss ratio requirements, as well as for compliance with ACA requirements with respect to Actuarial Value. The anticipated loss ratio exceeds the Tennessee standard of 55% for guaranteed renewable business of this kind, and the Actuarial Values, at 85% for High plans and 70% for Low plans, fall within +/-2% of the 85% standard for High plans and 70% standard for Low plans under ACA. INS's analysis also included (but was not limited to) a review of the rate material, trend assumption, retention, administrative expense breakdown, and rate data template. Based on INS's review, the rates are acceptable, the retention and administrative expenses are reasonable, the Actuarial Values appear to be calculated using a methodology that is reasonable, and the rates appear to be consistent across rating parameters and by plan differences.

Based on INS's review, and on the certifying statements of BEST's opining actuary, INS suggests that the subject filing is compliant with Tennessee and ACA regulatory requirements. Based on this conclusion, INS suggests that the submitted rate schedules are actuarially justified.

If you have any questions or would like additional information, please do not hesitate to call or e-mail.

Dear Paul Peatross,

Introduction:

I have reviewed your filing and conclude the above referenced submission cannot be approved for use in the State of Tennessee for the following reasons:

Objection 1

- GROUP POLICY, GFD-PPO-POL-0113TN (Form)

Comments: In the column headed in network you need to clarify that the deductible does not apply to in network preventive services. The plan deductible options can remain the same. This is not only in the policy but in all the certificates.

Objection 2

Comments: I am not sure what the change you made meets the request.

You need to waive the deductible for preventive services in the high option plan. The original deductibles may remain the same.

This change must be made in the policy and the certificate.

Conclusion:

PLEASE NOTE: The reviewer on this filing is Victoria Stotzer, if you have any questions please call her at at (615) 741-6259 or through e-mail at victoria.stotzer@tn.gov.

It is unlawful, in accordance with Section 56-26-102, T.C.A. for you to utilize these forms and/or rates in Tennessee until you receive approval. This is a notice of disapproval. Your filing will be held in suspense for one hundred and twenty (120) days. If no response is received from you within this time period, your filing will be considered "disapproved" for the above stated reasons.

Sincerely,

Vicky Stotzer

Dear Paul Peatross,

Introduction:

I have reviewed your filing and conclude the above referenced submission cannot be approved for use in the State of Tennessee for the following reasons:

Objection 1

Comments: A plan is required to cover EHB is expected to offer benefits substantially equal to those pediatric oral benefits offered by the EHB-benchmark plan

The Benchmark plan for dental has no cost sharing on Class I services. After discussion with the acting Assistant Commissioner, she agrees that a plan that has cost sharing on the Class I services is not substantially equal to the benchmark plan.

Your schedule includes preventive services as being subject to the deductible for in network services.

Dear Paul Peatross,

Introduction:

I have reviewed your filing and conclude the above referenced submission cannot be approved for use in the State of Tennessee for the following reasons:

Objection 1

- Response to Objections to Rates (Supporting Document)

Comments: Thank you for your response. Original items 1 and 3 have not been addressed, as follows:

1. (Original 1.) A modified actuarial memorandum to reflect the change from using GAD and GPD policy forms to just GFD policy forms; such memorandum should also contain relevant items below; provide modified rates if the rate structure was affected by the above change. Although modified rates have been provided as part of the actuarial material, it appears that the Rate Data Template in the ACA binder for this submission, and possibly the Rating Business Rules Template or other material, have not been updated for changes made since the original filing.

2. (Original 3.) The renewability provision: non-cancellable or guaranteed renewable; the policy language appears to provide optional renewability, which is not allowed by the ACA (PHSA 2703.) Policy form GFD-PPO-POL-0113TN still contains, in PART 7, in the section titled Termination of Group Policy, the language, We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. Such language indicates optional renewability, notwithstanding statements in the filing that the policy is non-cancelable. I think the intent is to be conditionally renewable, which is guaranteed renewable except for the reasons outlined in the ACA, such as non-payment of premium, fraud, market exit, etc. Note also that the term non-cancelable means premiums cannot be increased, whereas the policy allows changes per PART 7.

Conclusion:

.

It is unlawful, in accordance with Section 56-26-102, T.C.A. for you to utilize these forms and/or rates in Tennessee until you receive approval. This is a notice of disapproval. Your filing will be held in suspense for one hundred and twenty (120) days. Dear Paul Peatross,

Introduction:

I have reviewed your filing and conclude the above referenced submission cannot be approved for use in the State of Tennessee for the following reasons:

Objection 1

- ACTUARIAL MEMO, [GAD-PPO-POL-0113TN, GPD-PPO-POL-0113TN] (Rate)

Comments: Please provide the following:

1.A modified actuarial memorandum to reflect the change from using GAD and GPD policy forms to just GFD policy forms; such memorandum should also contain relevant items below; provide modified rates if the rate structure was affected by the above change.

2. A discussion of compliance with the ACA and State regulations regarding rates and benefits. Please cite the appropriate regulations.

3. The renewability provision: non-cancellable or guaranteed renewable; the policy language appears to provide optional renewability, which is not allowed by the ACA (PHSA 2703.)

4. The California claims experience referred to in the actuarial memorandum.

5. Supporting documentation for the trend rate of 4%.

6. A discussion of the model used (including methodology) to produce the AVs for high and low plans.

7. Explanation of why the Net Costs shown in the rate calculations do not agree with the values obtained by multiplying the Base Costs by the Trend and by the Area factor.

8. The assumptions, and relevant support, used to arrive at the Supplemental tiered rates from the Net Cost and Target Loss Ratio.

9. Supporting documentation for the Base Costs shown in the rate calculations.

10. Related to 2. above, please explain or correct what appears to be a non-compliant provision with respect to the ACA benefit requirements; for pediatric medically necessary orthodontia, the 24 month waiting period appears to amount to the imposition of a pre-existing condition exclusion.

Conclusion:

Comments: I am not sure what the change you made meets the request.

You need to waive the deductible for preventive services in the high option plan. The original deductibles may remain the same.

This change must be made in the policy and the certificate.

Dear Vicky Stotzer,

Introduction:

BEST Life appreciates your review of this important filing.

Response 1

Comments:

BEST Life has updated the schedule of benefits on this plan. There have also been modifications to support certificate issuance from our administration system

Related Objection 1

Comments: A plan is required to cover EHB is expected to offer benefits substantially equal to those pediatric oral benefits offered by the EHB-benchmark plan

The Benchmark plan for dental has no cost sharing on Class I services. After discussion with the acting Assistant Commissioner, she agrees that a plan that has cost sharing on the Class I services is not substantially equal to the benchmark plan.

Your schedule includes preventive services as being subject to the deductible for in network services.

Related Objection 1

Applies To:

- Response to Objections to Rates (Supporting Document)

Comments: Thank you for your response. Original items 1 and 3 have not been addressed, as follows:

1. (Original 1.) A modified actuarial memorandum to reflect the change from using GAD and GPD policy forms to just GFD policy forms; such memorandum should also contain relevant items below; provide modified rates if the rate structure was affected by the above change. Although modified rates have been provided as part of the actuarial material, it appears that the Rate Data Template in the ACA binder for this submission, and possibly the Rating Business Rules Template or other material, have not been updated for changes made since the original filing.

2. (Original 3.) The renewability provision: non-cancellable or guaranteed renewable; the policy language appears to provide optional renewability, which is not allowed by the ACA (PHSA 2703.) Policy form GFD-PPO-POL-0113TN still contains, in PART 7, in the section titled Termination of Group Policy, the language, We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. Such language indicates optional renewability, notwithstanding statements in the filing that the policy is non-cancelable. I think the intent is to be conditionally renewable, which is guaranteed renewable except for the reasons outlined in the ACA, such as non-payment of premium, fraud, market exit, etc. Note also that the term non-cancelable means premiums cannot be increased, whereas the policy allows changes per PART 7.

Dear Vicky Stotzer,

Introduction:

Response 1

Comments:

A modified actuarial memo and the revised rates have been provided.

Please see the Actuarial Memo and other exhibits for answers to items #1 through 9. The renewability provision is non-cancellable. We cannot cancel the policy. As long as the group makes payments, they can renew.

The 24 month wait is not a pre-existing condition exclusion. Our policy does not exclude it, it covers it at a later date. We've included from CMS an FAQ. On page 2, they state that a 24 month wait is permissible. They do not see this as violating ACA benefit requirements.

Related Objection 1

Applies To:

Comments: Please provide the following:

1.A modified actuarial memorandum to reflect the change from using GAD and GPD policy forms to just GFD policy forms; such memorandum should also contain relevant items below; provide modified rates if the rate structure was affected by the above change.

2. A discussion of compliance with the ACA and State regulations regarding rates and benefits. Please cite the appropriate regulations.

3. The renewability provision: non-cancellable or guaranteed renewable; the policy language appears to provide optional renewability, which is not allowed by the ACA (PHSA 2703.)

4. The California claims experience referred to in the actuarial memorandum.

5. Supporting documentation for the trend rate of 4%.

6. A discussion of the model used (including methodology) to produce the AVs for high and low plans.

7. Explanation of why the Net Costs shown in the rate calculations do not agree with the values obtained by multiplying the Base Costs by the Trend and by the Area factor.

8. The assumptions, and relevant support, used to arrive at the Supplemental tiered rates from the Net Cost and Target Loss Ratio.

9. Supporting documentation for the Base Costs shown in the rate calculations.

10. Related to 2. above, please explain or correct what appears to be a non-compliant provision with respect to the ACA benefit requirements; for pediatric medically necessary orthodontia, the 24 month waiting period appears to amount to the imposition of a pre-existing condition exclusion.

Dear Vicky Stotzer,

Introduction:

After the fact, we have learned that any policy we offer on the exchange must include the pediatric plan. Because of this, we are revising our policies as follows:

1) We are withdrawing the GPD forms from this filing so that there is only one form that can be used as a child only policy and as a family policy.
2) GAD forms have been converted into GFD forms. F for family. These GFD forms are a combination of the GAD and GPD forms. Makes it simple that you now only have to review one set of forms. We included a redlined version of the GAD policy so that you can see what additions we made to it to convert it into GFD. If this is too confusing, please follow the clean version of GFD.
3) We are removing the Trust from this filing. The employer will now be the policyholder.
4) We are including a cosmetic ortho and supplemental dental accident rider. If these are not allowed, please let us know.

Response 1

Comments:

We are removing the Trust from this filing. Tenneessee is now listed as the jurisdiction.

Related Objection 1

Comments:

We believe dental plans will be subject to the same grace period as the health plans. We are not sure, outside of the 90 month grace period that would apply to those recieving the subsidy, if there is anything different than the 31 day grace period we included in the policy. Any guidance would be much appreciated.

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose

birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the last date paid in full .

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has

performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. - any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known

address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by

Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (A) the due date to pay any required premium (if premium is not paid by that date).
    (B) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (C) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (D) a date which is:
        I. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        II. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

APPEALING THE DENIAL OF A CLAIM: You or an authorized representative You appoint to assist or represent You, may appeal any denial of a claim, in whole or in part, for Benefits by filing a written request for a review. The request must include all reasons You believe the initial decision was incorrect and all documentation supporting Your appeal, to [BEST Life and Health Insurance Company, Attn: Appeals, P.O. Box 890, Meridian, ID 83680-0890, or Fax 208-893-5040].

BEST Life and Health Insurance Company will provide an appeal determination not later than sixty (60) days after receipt of a request for review. If there are special circumstances, the decision will be made as soon as possible, but no later than fifteen (15) days after receipt of the request for review. The appeal determination will be in writing and will include specific reasons for the decision. This decision shall also include specific references to the Policy provisions on which the decision was based.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called

"fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

(e) You change insurance carriers during an annual open enrollment period or special enrollment period.

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents

have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the last date paid in full .

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of

material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change

in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.

(4) Your death.
(5) Your divorce.

(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.

    (4) a date which is:

Actuarial Memorandum

Responses to your questions in the Objection Letter

1 The change of policy forms will not affect rates

2 We will comply with all the applicable rules and State regulations regarding rates and benefits as prescribed in PHSA §2701, 45 CFR § 156.150, 45 CFR § 156.135 and 45 CFR § 156.130.

3 The employer will be the policyholder and coverage is renewable at the option of the policyholder.

4 See attached "Summary of Normalized Paid to Children 0-19" worksheet.

5 A revised trend factor of 3% per year is used to project costs data developed above from July 1, 2011 (mid-point of the experience period from 2010 to 2012) to July 1, 2014 (mid-point of the premium period from January 1, 2014 to December 31, 2014). As reported by the Bureau of Labor Statistics, the average annual inflation rate in the United States is 3.35% from 1914 until now but is only 2.7% from 2011 to 2012. We believe low inflation rates in the recent years will not sustain and rates will likely get back to historical level soon. Therefore, an annual trend rate of 3% is used in our projections.

6 a Average charges by procedure code are developed using our California data from 2010 to 2012

b The following standard company assumptions are applied to the average charges:
- Network use of 0.358, In-Network discount of 0.625, Out-of-Network discount of 0.767, Deductible factors of 0.9 & 0.85, Annual Maximum Limit adjustments of 0.9 and 0.95.

c Actual coinsurance percentage will be applied and the total claim cost by procedure code is determined as the sum of the average In-Network cost and the average Out-of-Network cost.

d Weighted average base cost by class is developed using national frequency by procedure code from the 2010 HealthMaps Dental Rate Manual. Costs by class are further rolled up using standard company assumptions

e. The actuarial value of the plan will be determined by comparing total net costs before and after costs sharing adjustments.

7 The net costs shown was calculated using unrounded numbers not shown. Unrounded base cost of $29.72 is $29.715027, unrounded trend of 1.09 is 1.092727 and unrounded state factor of 0.65 is 0.646098.

8 See attached Determination of Age Factor. Standard company retention of 32.25% (administration – 13.50%, premium tax – 1.75%, user fees – 3.50%, commissions – 10.00% and profit – 3.50%) is used to arrive at the target loss ratio of 67.75%.

9. See 4 & 6 above.

Description of Benefits

The policies provide benefits for two small group stand-alone dental products: a Pediatric Dental Plan and a Supplemental Dental Plan. These plans will be marketed to employer groups through the Federal SHOP Exchange market. The employer will be the policyholder.

The Pediatric Dental Plan offers two plans that meet the Actuarial Value required by the Affordable Care Act. Employers who choose to purchase a stand alone dental plan will have the option to purchase from three supplemental dental plans.

Children to age 19 are eligible to enroll on the Pediatric Dental Plan. Adults and child dependents ages 19 to 26 are eligible for coverage as long as the adults are full-time employees, or part-time employees if the employer so chooses.

Benefit Renewability

The policies are standard group contracts, to be issued to employer-sponsored groups and group associations. Coverage for individuals is renewable at the option of the policyholder. The Company reserves the right to increase premiums.

Proposed Effective Date

January 1, 2014

- Base claim costs are adjusted to reflect the plan design and adjusted for area using the 2010 HealthMaps Dental Rate Manual.

- Standard company retention of 32.25% (administration – 13.50%, premium tax – 1.75%, user fees – 3.50%, commissions – 10.00% and profit – 3.50%) is applied.
- Individual rates for the Supplemental Plans do not include premiums for the Pediatric Plans.

Anticipated Future Loss Ratio

The anticipated future loss ratio for this policy is expected to be 67.75%. The loss ratio is computed as follows:

$$\text{Loss Ratio} = \frac{\text{Expected Incurred Claims}}{\text{Expected Earned Premium}}$$

Incurred claims are total claims for covered expenses paid on behalf of a covered person while coverage is in force, summed for all covered persons. Earned premium is the premium for each covered person for the period coverage is in force, summed for all covered persons.

Responses to your questions in the Objection Letter

1 The change of policy forms will not affect rates

2 We will comply with all the applicable rules and State regulations regarding rates and benefits as prescribed in PHSA §2701, 45 CFR § 156.150, 45 CFR § 156.135 and 45 CFR § 156.130.

3 The employer will be the policyholder and coverage is renewable at the option of the policyholder.

4 See attached "Summary of Normalized Paid to Children 0-19" worksheet.

5 A revised trend factor of 3% per year is used to project costs data developed above from July 1, 2011 (mid-point of the experience period from 2010 to 2012) to July 1, 2014 (mid-point of the premium period from January 1, 2014 to December 31, 2014). As reported by the Bureau of Labor Statistics, the average annual inflation rate in the United States is 3.35% from 1914 until now but is only 2.7% from 2011 to 2012. We believe low inflation rates in the recent years will not sustain and rates will likely get back to historical level soon. Therefore, an annual trend rate of 3% is used in our projections.

6 a Average charges by procedure code are developed using our California data from 2010 to 2012

b The following standard company assumptions are applied to the average charges:
- Network use of 0.358, In-Network discount of 0.625, Out-of-Network discount of 0.767, Deductible factors of 0.9 & 0.85, Annual Maximum Limit adjustments of 0.9 and 0.95.

c Actual coinsurance percentage will be applied and the total claim cost by procedure code is determined as the sum of the average In-Network cost and the average Out-of-Network cost.

d Weighted average base cost by class is developed using national frequency by procedure code from the 2010 HealthMaps Dental Rate Manual. Costs by class are further rolled up using standard company assumptions

e. The actuarial value of the plan will be determined by comparing total net costs before and after costs sharing adjustments.

7 The net costs shown was calculated using unrounded numbers not shown. Unrounded base cost of $29.72 is $29.715027, unrounded trend of 1.09 is 1.092727 and unrounded state factor of 0.65 is 0.646098.

8 See attached Determination of Age Factor. Standard company retention of 32.25% (administration – 13.50%, premium tax – 1.75%, user fees – 3.50%, commissions – 10.00% and profit – 3.50%) is used to arrive at the target loss ratio of 67.75%.

Qualified Health Plan (QHP) Webinar Series Frequently Asked Questions

Frequently Asked Questions (FAQs) # 10
Release Date: May 9, 2013

Essential Health Benefits (EHBs)

Q1: We would like confirmation that the reasonable assurance provision in the EHB preamble applies to both individual and small group coverage.

A1: Yes, issuers of both individual and small group plans off the Exchange must be reasonably assured that enrollees have obtained pediatric dental coverage through an Exchange-certified stand-alone dental plan.

Q2: If a state discovers a clerical error or discovers an omission in the EHB template, how does the state change it? If the state wants to change a "decision" previously made about EHBs, how does the state change it?

A2: Unfortunately, the benefits, limits, and explanations representing a summary of the benchmarks that is posted on CCIIO's website (http://cciio.cms.gov/resources/data/ehb.html) cannot be changed at this time. The add-in file that populates the Plans & Benefits template is derived from this information. Please use the "EHB Variance Reason" to identify benefits as "Additional EHB Benefit" that you feel are part of the benchmark.

Q3: How much of the plan design of the benchmark transfers over to other carriers - just things listed as EHBs in the CCIIO template, things that could be categorized as EHBs by individual carriers, or all benefits (including those listed as "other" in the CCIIO template)?

A3: Any benefits and services that the benchmark plan covers are considered EHB and other carriers must be sustainably equal to the benchmark. See 45 CFR 156.115(a)(1).

Q4: Since carriers cannot substitute benefits across categories, categorization of benefits in the benchmark plan is important. What authority does the state have (or not have) to adjust categorization of benefits?

A4: Enforcing states have the authority to categorize the benefits. In the preamble to the final rule on EHB, at 78 FR 12843 we noted that states maintain flexibility in defining benefits within the 10 statutory categories.

Q5: Are pre-existing condition exclusions permitted on stand-alone pediatric dental plans?

A5: Yes. Stand-alone dental plans are not subject to Public Health Service Act § 2704 - Prohibition of Preexisting Condition Exclusions or Other Discrimination Based on Health Status. Therefore, for the purposes of Exchange certification, CMS will not be publishing guidance on look-back periods; rather, applicable Federal and State laws apply.

Q6: Are issuers allowed to include a 24-month waiting period for orthodontia services (currently part of the FEDVIP benchmark) for both stand-alone pediatric dental and an embedded medical product that includes the pediatric dental EHB?

A6: Yes, this is permissible.

Q7: How is preventive care defined in reference to the pediatric oral Essential Health Benefit (EHB) for the purpose of applying the requirement of no cost-sharing?

A7: Pediatric oral benefits as an EHB category are defined by reference to each state's EHB-benchmark plan. A plan required to cover EHB is expected to offer benefits substantially equal to those pediatric oral benefits offered by the EHB-benchmark plan, as set forth in 45 CFR 156.115(a)(1). Preventive care must also be covered, with zero cost-sharing, but the specific preventive care services that are required to be covered are not tied to the state's EHB-benchmark, but instead to the certain preventive services as required by 45 CFR 147.130. For more information on preventive services that must be covered without cost sharing under the requirements of the Affordable Care Act, please see http://www.healthcare.gov/news/factsheets/2010/07/preventive-services-list.html.

Q8: In preamble to the EHB final rule published February 25, 2013 page 12850 made note of a safe harbor that allows for the use of single-only plans' actuarial value (AV) for the family plan equivalents if family accumulators fell within a multiplier. When will CMS offer additional guidance on the safe harbor?

A8: We do not intend to provide a multiplier at this time. Instead, in the 2014 Letter to Issuers on Federally-facilitated and State Partnership Exchanges, published on the CCIIO website on April 5, we provide guidance on options that issuers may use to calculating a plan's AV using the AV Calculator, where the deductibles and/or out of pocket maximum costs accumulate at the family level, depending on how the deductibles and/or out of pocket maximum costs accumulate. Please see the Letter to Issuers for further clarification at http://cciio.cms.gov/resources/regulations/Files/2014_letter_to_issuers_04052013.pdf.

Q9: Under the FEDVIP benchmark, there is a lifetime limit on orthodontia services (per child) in the amount of $3,500. During a recent call it was (we believe) concluded that this limit could be included in a stand-alone pediatric dental plan because it's an excepted benefit plan. However, in reviewing the attestations we are required to sign, and the draft CMS letter to issuers posted on March 1, it looks like this limit may be prohibited. For example, the attestations require us to attest as follows:

- **Applicant attests that all stand-alone dental plans that it offers will comply with all benefit design standards and federal regulations and laws for stand-alone dental plans, as applicable, including that:**
  a. the out-of-pocket maximum for its stand-alone dental plan is reasonable for the coverage of pediatric dental EHB;
  b. it offers the pediatric dental EHB;
  c. it does not include annual and lifetime dollar limits on the pediatric dental EHB.
- **Applicant attests that any stand-alone dental plans it offers are limited scope dental plans.**
- **Applicant attests that any stand-alone dental plans it offers will adhere to the standards set forth by HHS for the administration of advance payments of the premium tax credit.**
- **Applicant attests that it either offers no stand-alone dental plans or attests to all of the above.**

Can you offer any further guidance on this? Is it permissible to include in the $3,500 lifetime max (per child) in our stand-alone pediatric dental plan?

A9: Annual and lifetime limits cannot be applied to the pediatric dental EHB, as established in 45 CFR 155.1065. Thus, to the extent that orthodontia is considered part of the pediatric dental EHB (i.e., it is medically necessary), the benefit cannot have any annual and lifetime limits.

Q10: For Exchange plans with an embedded dental benefit, is the dental carrier allowed to use different geographic area factors and/or network factors than the health plan geographic area and network factors?

A10: No, this is not permissible.

Q11: If the health plans are using the default 0-20 age band with a single age factor for children between 0-20, may the dental issuer apply separate age bands, such as 0-1, 2-10, 11-19 (children's dental only goes to age)?

A11: For the purposes of completing the application for certification of stand-alone dental plans in the FFE, stand-alone dental plans must comply with the rating rules in order to fill out the rates table and the associated business rules table, which does not permit for age banding under age 20. Note that stand-alone dental plans, as excepted benefits, have additional flexibility to adjust premiums based on other rating factors. Please see the excerpt below and pages 31-32 of the Letter to Issuers released on April 5, 2013 at http://cciio.cms.gov/resources/regulations/Files/2014_letter_to_issuers_04052013.pdf, for additional information.

Excerpt: "To the extent that stand-alone dental plans qualify as excepted benefits, they are not required to meet the rating rules of PHS Act section 2701(a) that underlie the QHP Rating Tables and business rules template. However, stand-alone dental plans will still need to complete these tables, and based on that information, CMS will display basic, comparable rate information for stand-alone dental plans on the web portal. When a consumer is directed to the stand-alone dental plan issuer to make the initial premium payment to effectuate enrollment, the stand-alone dental plan issuers would have the ability to make any premium adjustments beyond those accounted for in the Rating Tables and based on additional rating factors available to issuers of stand-alone dental plans."

Q12: With respect to the maximum out-of-pocket (MOOP), we ask HHS to clarify that while EHB must accumulate to the MOOP, non-EHB may accumulate but are not required to. For instance, in order to design high deductible health plans (HDHPs) that are health savings account (HSA) certified, issuers would be able to accumulate all services (EHB and non-EHB) to the MOOP. In such a case, issuers would also include these non-EHB in the calculation of actuarial value (AV), which would be done outside of the AV Calculator.

A12: No. For purposes of Calculating AV, non-EHB benefits may not accumulate towards MOOP amounts. Per section 1302(a) of the Affordable Care Act, the term ''essential health benefits package'' must consist of those benefits defined under section 1302(b), limits on cost-sharing for such coverage in accordance with section 1302(c), and a package that meets applicable metal levels. Section 1302(c) contains cost sharing requirements, including MOOP limitations. Furthermore, 1302(d) on AV clarifies that the level of coverage of a plan shall be determined on the basis that the EHB.

Q13: In the preamble to the proposed rule on EHB at 77 FR 70654, HHS presents an example of a three-tiered network design and explains that the first two tiers would be considered in-network, and accumulate to the MOOP, while only the third tier would be out-of-network and not have to accumulate to the MOOP. We request, instead, that HHS permit issuers to consider the first tier as the primary in-network tier and accumulate only those costs to the OOP maximum as long as the first tier provides adequate access to providers, in compliance with network adequacy requirements. This would permit issuers to design a second tier that provides enhanced access to out-of-network providers relative to a third tier, with protections for members against significant costs from balance billing, without having to accumulate those costs to the MOOP. Requiring that these costs accumulate to the MOOP would make it unfeasible for issuers to offer members this benefit.

A13: All benefits that are in-network have to count towards EHB, regardless of network adequacy requirements and no matter how broad or narrow the benefits are.

Q14: We request clarification that issuers may have flexibility in applying the annual limitation on deductibles in the small group market or to use other types of cost sharing. For instance, issuers should be permitted to apply a deductible to only a subset of EHB, or to use fixed dollar co-pays for some services (e.g., physician office visits or prescription drugs) rather than making them subject to the deductible. Issuers could also choose not to have a deductible at all.

A14: We interpret the limits in section 1302(c)(2) of the Affordable Care Act to apply to all EHB where there is a deductible being used as a form of cost sharing. However, the QHP has the option of excluding a particular category of benefits from the deductible, which, in effect, would be having a $0 deductible for that category of benefit.

Q15: We request clarification that while EHB must apply to the AV calculation and annual limitation on cost sharing, issuers may exclude additional state-required benefits that are outside the scope of the EHB from the AV calculation. Likewise, issuers would not be required to apply these additional state-required benefits to the annual limitation on cost sharing.

A15: The AV Calculator was based on claims data from a standard population that included state mandated benefits. If the state required benefit is determined to be EHB, it should be applied to the annual cost sharing limits.

Q16: What further details can you provide on how states will reimburse issuers for benefit offer mandates (i.e., requirements to make a benefit optional through a rider) that are required to be offered in addition to the EHB?

A16: We do not consider "offer only" or "make available" mandates to be required benefits that would be subject to state payment. Although the applicable state law requires issuers to offer the coverage/rider, the law does not mandate that the issuer actually provide the benefit to all enrollees in that market.

Q17: Will states be required to defray the costs that qualified health plans (QHPs) sold outside the Marketplaces incur in meeting state benefits mandates (as they are required to do to have those mandates be required of QHPs sold through the Marketplace)?

A17: Per section 1311(d)(3) of the Affordable Care Act, as implemented by 45 CFR 155.170, if the state requires a qualified health plan (QHP) to cover additional benefits beyond EHB, the state must defray the cost. The definition of QHP is established by section 1301(a) of the Affordable Care Act and implemented in 45 CFR 155.20. This definition requires that the QHP have in effect a certification issued or recognized by each Marketplace through which such plan is offered. The requirement to defray the cost of additional benefits applies to all QHPs, including QHPs offered outside of the Marketplace.

Federal Exchange

Q18: Will issuer logos display on the FFE website?

A18: No, logos will not be displayed on the FFE website.

Q19: Do you know if/where during the FFE shopping experience shoppers will be presented with a phone number or URL to use if they have pre-enrollment questions regarding product offerings or how to enroll?

A19: A consumer can access an issuer's contact information via the link to the issuer's plan brochure. We also intend to display the issuer's contact information once a consumer has confirmed her/his plan selection.

Q20: Last I knew, the number of plans that an issuer could submit and presumably be approved and available on the FFE was not limited subject to the plans being materially differentiated in some way – can you verify (or correct) our understanding that for instance a gold plan and gold HSA qualified plan would be "different enough" for both to display as applicable in the shopping experience.

A20: As detailed in the Letter to Issuers, we provide guidance on how the FFE will review for meaningful difference for 2014:

- "First, an issuer's plans from a given state will be organized into subgroups based on plan type, metal level and overlapping counties/service areas.
- Second, CMS will review each subgroup to determine whether the potential QHPs in that subgroup differ from each other on least any one of the following criteria:
  - Different network;
  - Different formulary;
  - $50 or more difference in both individual and family in-network deductibles;
  - $100 or more difference in both individual and family in-network maximum-out-of-pocket; and
  - Difference in covered EHB.

If CMS flags a potential QHP for follow-up based on this review, we anticipate that the issuer will be given the opportunity to amend or withdraw its submission for one or more of the identified health plans. Alternatively, the issuer may submit supporting documentation to CMS explaining how the potential QHP is substantially different from others offered by the issuer for QHP certification and, thus, is in the interest of consumers to certify as a QHP. For example, an issuer may make the case that one QHP is an Accountable Care Organization. This additional information will factor into the determination of whether it is in the interest of the qualified individuals and qualified employers to certify the plan as a QHP (see 45 CFR 155.1000). CMS anticipates its approach related to meaningful difference may be updated in future years."

Exchange Forms

Q21: Is there any specific federal requirement for a company that may sell off Exchange health insurance (major med) products that it must file templates for any of the QHP certification process templates? If so, can you cite the section to help me with an explanation to the company?

A21: Specific requirements for selling off the Exchange are of the purview of the state.

Form Review

Q22: How are "optional" riders reflected in the CCIIO rate review template to differentiate what is an offer versus a rider that is embedded as required?

A22: For Rate Review only, since EHBs cannot be optional, any "optional" rider must only cover benefits in addition to EHB, and we would expect any premium and claims for such benefits to appear in the "other" categories on worksheet 2.

Additionally, all benefits offered must be benefits for which the issuer is liable for paying the claims; setting the premium; and reporting on the annual statement, MLR, and other required reporting formats as part of the issuer's claims and premium liabilities. Issuers are not allowed to report claims or premiums for "bundled" benefits, which are actually offered by another issuer but are sold in combination with or similar to a rider on their medical plan.

Q23: What clarification can HHS provide for issuers that may make mid-year formulary changes to remove drugs that are found to be unsafe or ineffective or that become available over-the-counter? Specifically, we ask that issuers not be required to add a replacement drugs to the formulary mid-year to match the number of drugs covered by the EHB benchmark plan, as long as at least one drug in the class remains covered.

A23: States will be responsible for monitoring drug lists for compliance with EHB policy as part of their review and enforcement responsibilities. Issuers will submit their drug lists to HIOS once (during the April submission period). As drug lists change, issuers are still responsible for meeting the EHB standard (the greater of one drug or the number of drugs in the state EHB benchmark plan in each USP category and class). State-based Exchanges could set their own rules in terms of requiring plans to notify the Exchange of any drug list changes or limit the frequency. Regardless, mid-year formulary changes should be infrequent. In addition to assuring formulary compliance with EHB, Exchanges should be aware of the potential for formulary discrimination.

Essential Community Providers (ECPs)

Q24: Could an issuer enter into a contract with an Essential Community Provider (ECP), requiring members to have a referral to receive in-network benefits from the ECP? In this circumstance, the ECP would not appear in the provider directory.

A24: Issuers may enter into contracts with ECPs and require members to get a referral to the ECP for non-primary care in-network benefits, to the extent that such referrals are part of the issuer's utilization management plan and program. Issuers may have such arrangements count towards the ECP inclusion standard. We are concerned, however, that the issuer might not list the ECP in the provider directory, and we discourage issuers from taking such steps that would prevent consumers from knowing whether they could access the contracted ECP. Issuers must ensure that such arrangements do not interfere with the requirement that provider networks have a sufficient number and geographic distribution of essential community providers that serve low-income and medically underserved individuals, as set forth at 45 CFR 156.235.

Cost Sharing

Q25: If a carrier has separate in- versus out-of-network out-of-pocket maximum amounts but covers services such as emergency room and ambulance from any provider, including out-of-network providers, can the services from out-of-network ambulance companies or emergency rooms accrue to the in-network out-of-pocket maximum?

A25: The general rule, as noted at 45 CFR 156.130(c), is that cost sharing for benefits provided out-of-network by a network plan do not count toward the annual limits on deductibles or maximum out-of-pocket limits. However, where the plan does not offer coverage of a particular service in network, the plan is not considered a network plan for purposes of this rule with respect to that service. Because plans are not permitted to limit coverage of emergency services set forth in 45 CFR 147.138(b) to network providers, plans are similarly not considered network plans for purposes of such services, and cost-sharing for such services received by non-network providers would apply to the out of pocket maximum.

Q26: If an indemnity plan does not have a provider network, does that plan need to comply with annual limits on deductibles or maximum out-of-pocket limits?

A26: Yes. A plan without a network must comply with the annual limits on deductibles or maximum out-of-pocket limits and cannot consider certain expenses to be non-network. The exception for non-network amounts only applies if a plan has a network (45 CFR 156.130(c)).

Stand-alone Dental Plans

Q27: What is the difference between an embedded pediatric dental benefit and a bundled pediatric dental benefit?

A27: The pediatric dental benefit is considered embedded in a medical plan when it is offered like any other benefit under same premium and included in the same AV calculation for that medical plan. Although the medical plan issuer may contract with a dental issuer to offer the pediatric dental benefit the dental benefits provided under the contract would only be considered embedded if the medical plan issuer fully assumes all risks and liabilities of covering the dental benefit. A medical plan with an embedded dental benefit provided under contract would be considered a single plan for purposes of calculating the out-of-pocket maximum and actuarial value..

Under a bundled arrangement, a medical plan issuer would pair with a stand-alone dental plan to offer the pediatric dental benefit. The issuer of each of these plans would assume the risks and liabilities associated with providing coverage under its own plan. In this situation, the medical plan and the stand-alone dental plan would each be considered a separate plan, with the stand-alone dental plan considered an excepted benefit under title XXVII of the Public Health Service Act. Accordingly, each plan would be held to applicable standards, including those related to the out-of-pocket maximum and actuarial value.

Rate Review

Q28: For rate review, how is a "new" product defined?

A28: A "new" product is one which had no previous enrollment, does not represent a previous plan with enrollment which is being modified to comply with state or federal mandates or as defined by the appropriate state regulator.

SHOP

Q29: When are the Small Business Health Options Programs (SHOPs) required to give employers the option to offer their employees more than one plan and perform premium aggregation?

A29: A11: On March 11, 2013, we published a notice of proposed rulemaking at 78 FR 15553 that would implement a transitional policy for the 2014 plan year and give SHOPs the option of postponing the employee choice model until plan years beginning on or after January 1, 2015. The FF-SHOP would take this option and postpone employee choice until January 1, 2015. State-based SHOPs could, but need not, implement this option for 2014. To align with the transitional policy, this proposed rule also postpones the requirement to perform premium aggregation to plan years beginning on or after January 1, 2015, making it optional in coverage year 2014.

Q30: What is the length of special enrollment periods in the SHOPs?

A30: In a March 11, 2013 proposed rule (78 FR 15553), we proposed aligning the length of special enrollment periods in the SHOPs with those set forth under HIPAA. Special enrollment periods in group markets, as provided for in rules implementing HIPAA, last for 30 days after loss of eligibility for other private insurance coverage or after a person becomes a dependent through marriage, birth, adoption, or placement for adoption. The proposed rule also would clarify that, consistent with HIPAA, there would be a 60-day special enrollment period for any qualified employee or dependent of a qualified employee who has become ineligible for Medicaid or CHIP or who has become eligible for state premium assistance under a Medicaid or CHIP program.

Q31: Will the geographic area premium rating factor in the small group market be based on the geographic area of the employee or that of the employer? Will this approach apply only for plans offered through the FF-SHOPs, or will it apply market-wide?

A31: A13: We intend to propose in future rulemaking that the geographic area premium rating factor must be based on the employer's primary business location in each state. This would apply both inside and outside of the SHOP. In the context of the FF-SHOPs, we intend to propose that an employer, except multi-state employers, generally may have only one SHOP account per state. Multi-state employers will still be able to establish either one SHOP account for all employees or establish multiple SHOP accounts in each state with a business location. We intend to propose that, where a multi-state employer has established an account in more than one state, the primary business location of the business in each applicable state must be used for geographic rating area purposes.

Q32: Will employers be able to enroll in the FF-SHOPs via an issuer's website in 2014?

A32: No. To ensure a smooth transition to employee choice beginning in 2015 when an employer will be able to offer multiple plan options from various issuers, enrollment through the FF-SHOP website will be the only enrollment channel available for 2014. Employee choice needs to be functional for employers renewing SHOP plan options for 2015 as of October 1, 2014, and testing needs to occur as early as early summer 2014. Thus, development of a single sign-on for employers in 2014 is the most expedient manner to transition to employee choice for 2015.

Q33: Will there be a call center supporting employers and agents/brokers working with SHOP?

A33: Yes. There will be a call center available to support employers with enrollment related matters in 2014 and beginning in 2015 for payment related matters. Agents and brokers working with employers will also be able to access the SHOP call center.

Q34: Will quarterly rate increases be allowed in the SHOP?

A34: Issuers participating in SHOP will be able to submit trend increases to their rates at the time of their original QHP application and, after that, whenever submitting new rates. We intend to propose an amendment to 45 CFR 155.705(b)(6) clarifying that, consistent with the general rules for the small group market, issuers in all SHOPs will be permitted to increase rates no more frequently than quarterly. We also intend to propose that issuers with plans offered through the FF-SHOPs will be able to submit non-trend rate updates on a quarterly basis beginning in July 2014. (As we have previously explained in guidance, it will not be possible for the FF-SHOPs to process non-trend rate changes until the third quarter of 2014.) Issuers will be notified when the FF-SHOPs begin processing non-trend quarterly rate updates. Regardless of when an employer enrolls in a plan through a SHOP, the rates applied to that employer's plan must be guaranteed for the 12 months of the plan year.

Q35: Will CMS be providing guidance related to the reconciliation process and/or the content of the monthly reconciliation file?

A35: Yes. CMS intends to publish guidance this summer that, will contain a detailed description of the enrollment reconciliation process; the content and layout of the monthly file; business logic edits the FFM will use in processing the reconciliation file; record matching criteria; a final list of the data elements to be compared in the reconciliation process; the format and content of discrepancy reports, including sample reports; and instructions for transmitting discrepancy reports to issuers and SBMs. This guidance will be relevant for issuers in both the FFM and SBMs.

Q36: Will CMS publish further updates to the 834 Enrollment Companion Guide?

A36: Yes. CMS released the Companion Guide for FFM enrollment transactions in January 2013, and we published an update in March. The current version of the Companion Guide can be found at: http://cciio.cms.gov/resources/regulations/Files/companion-guide-for-ffe-enrollment-transaction-v1.5.pdf.

Updates typically will be made when a significant technical change has been identified or a business process is modified, resulting in a change to content in a Segment or Loop. Future updates may also be made if testing reveals the need for further clarification on any of the transactions contained in the Companion Guide.

Benefits Template

Q37: We have a question on an item on the Summary of Benefits and Coverage (SBC) template. Please explain what is meant by "Abortion for Which Public Funding is Prohibited." Is that intended for states that have passed legislation prohibiting abortion coverage in QHPs sold through the Marketplace, or other legislation related to abortion?

A37: As defined in the Marketplace regulation at 45 CFR 156.280(d)(1), "abortions for which public funding is prohibited" includes those abortion services for which the expenditure of Federal funds appropriated for CMS is not permitted. More information on this topic is available at: http://www.whitehouse.gov/the-press-office/executive-order-patient-protection-and-affordable-care-acts-consistency-with-longst.

HSA Plan Variations

Q38: How should QHP issuers indicate health savings account (HSA) eligibility if the standard plan is has-eligible, but one of the cost-sharing reduction plan variations is not HSA-eligible?

A38: If a QHP issuer chooses to offer a high deductible health plan (HDHP) standard plan, with associated plan variations that are not eligible for pairing with an HSA, the QHP issuer should still select "yes" in the "HSA Eligible" field on the Plans & Benefits template.

State Mandates

Q39: If a state enacts a new requirement that issuers that provide coverage of intravenous (IV) chemotherapy must cover oral chemotherapy at parity, does the state have to defray the cost?

A39: No. We do not consider such payment parity bills to create a requirement to cover a new benefit. In addition, in the preamble to the final rule on EHB at 78 FR 12845, we stated that plans are permitted to go beyond the number of drugs offered by the benchmark without exceeding EHB.

Q40: If a state enacts a new requirement for applied behavioral analysis (ABA) therapy, is that a benefit in excess of EHB, or can ABA be considered EHB because it is a service specific to an EHB category (falls within habilitative or mental health including behavioral health treatment)?

A40: *Defining* habilitative services would not result in a mandate, but *requiring* specific treatments/benefits, including ABA, creates a new mandate. Below is an example of a definition of habilitative services and a mandate for services, for illustrative purposes.

Example of definition - Habilitative benefits for purposes of the state's EHB benchmark plan are defined as follows: "Habilitative services are services that help a person retain, learn, or improve skills and functioning for daily living that are offered in parity with, and in addition to, any rehabilitative services offered in the state's EHB benchmark plan. Parity in this context means of like type and substantially equivalent in scope, amount, and duration."

Example of mandate – A bill requires private insurance companies to provide coverage under group health insurance policies for psychiatric care; psychological care; habilitative or rehabilitative care (including ABA therapy); therapeutic; and pharmacy care to children who have been diagnosed with autism spectrum disorder (ASD).

Q41: Our state has a mandated adoption indemnity benefit that states if an insured has coverage for maternity benefits on the date of an adoptive placement, the insured's policy shall provide an adoption indemnity benefit payable to the insured, if a child is placed for adoption with the insured within 90 days of the child's birth. This allows for a $4000 payment. We can provide that payment to the insured or apply it towards plan benefits-for example the deductible. There is no requirement to provide any specific benefits. This mandate is not included in our benchmark plan as it is a state employee plan and not subject to this state mandate. Our question is whether this benefit is considered EHB? If so, does the benefit dollar limit have to be removed?

A41: As stated in the preamble to the final rule on EHB at 78 FR 12838, we interpret ''state-required benefits'' to include the care, treatment and services that an issuer must provide to its enrollees. Other state laws that do not relate to specific benefits, including those relating to providers and benefit delivery method, are not considered state-required benefits. In this case, there is no requirement to cover a specific benefit. The issuer is required to pay a certain amount to the insured and the insured can use that money in any way. The requirement does not pertain to health services and would not fit into any of the 10 EHB categories. Therefore, it is not EHB and the prohibition on dollar limits and the requirement to defray the cost would not apply.

Grace Periods

Q42: 45 CFR 156.270(d) provides for a grace period of three consecutive months for QHP enrollees who receive APTC. Section 156.270(d)(1) states that an issuer must pay all appropriate claims for services in the first month of the grace period and may pend claims for services in the second and third months of the grace period. Under HIPAA regulations regarding administrative simplification requirements for electronic transactions and code sets, 45 CFR Part 162, providers are required to use the National Council for Prescription Drug Programs (NCPDP) Telecommunications Standards, Version D, Release 0, when billing pharmacy claims. This standard does not contain a transaction allowing a claim to be pended. How should issuers handle pharmacy claims in months two and three of the grace period?

A42: 45 CFR 156.270(d) does not require issuers to pay claims during months two and three of the grace period. Thus, issuers may pend these claims. However, issuers may not be able to pend pharmacy claims, only pay or deny such claims. In such instances, where it is not possible for the issuer to pend the claim, the issuer may deny the claim. If an enrollee pays for a drug out-of-pocket during the second or third months of the grace period due to an issuer's denial of the claim and subsequently pays his or her share of the premium so as to no longer be in the grace period, that enrollee may submit a receipt, and the issuer must reimburse its share of the cost directly to the enrollee. Thus, the enrollee can be made whole even if a claim cannot technically be pended.

Q43: 45 CFR 156.270(d) provides for a grace period of three consecutive months for QHP enrollees who receive APTC. Section 156.270(d)(1) states that an issuer must pay all appropriate claims for services in the first month of the grace period and may pend claims for services in the second and third months of the grace period. If a QHP provides for the dispensing of a 90-day supply of drugs, does a QHP issuer have to provide the full 90-day supply if an enrollee is in the first month of the grace period?

A43: Yes, the issuer should provide the full 90-day supply, pursuant to 45 CFR 156.270(d).

Risk Corridor

Q44: Will offering the identical benefit plan under two separate HIOS Product IDs on and off the Exchange preclude participation in the risk corridor program?

A44: Section 1342 of the Affordable Care Act directs HHS to establish a temporary risk corridors program during the years 2014 through 2016 and requires that all Issuers of qualified health plans in the individual and small group markets to participate. We are currently working on the risk corridors program. The approach of establishing separate product IDs for QHPs on and off the Exchange would not preclude the QHPs off the Exchange from participating in the risk corridors program. As we continue our work, we will consult with stakeholders to ensure that we provide sufficient flexibility.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:
BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:
A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. ~~During the Grace Period, this Group Policy will remain in force.~~ If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the last date paid in full ~~Grace Period~~.

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this

Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied

on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be

inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the last date paid in full .

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an

application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific

description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (A) the due date to pay any required premium (if premium is not paid by that date).
    (B) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (C) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (D) a date which is:
        I. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        II. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

The appeal determination will be in writing and will include specific reasons for the decision. PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:
BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:

A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:

(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

Predetermination is required for the following dental services for children:

(2) Panoramic film for children under age six (6);
(3) Periodontal scaling and root planing;

We will have thirty (30) days to furnish the provider with an Explanation of Benefits demonstrating whether the proposed treatment will be a Covered Service under this Group Policy.

DEDUCTIBLES

Annual Deductible: The Annual Deductible shown in the Schedule of Dental Benefits will apply separately to each Insured. Each Insured must accumulate eligible expenses equal to the deductible amount.

ALTERNATIVE PROCEDURES

If more than one treatment plan exists for a dental procedure, covered dental expenses will be based on the least expensive procedure that will produce a result that meets professionally recognized standards. If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

~~ORTHODONTIC TREATMENT IN PROGRESS~~

~~BEST Life will consider orthodontic treatment in progress for takeover if both the prior employer group and the BEST Life plan include orthodontic coverage, and the Insured has had continuous coverage on the prior group plan. Any Orthodontic Lifetime and Calendar Year Maximum benefits used under the prior plan will be deducted from the BEST Life plan. No orthodontic benefits will be provided where the Lifetime and/or Calendar Year Maximum have been met under the prior plan.~~

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. ~~During the Grace Period, this Group Policy will remain in force.~~ If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the last date paid in full ~~Grace Period~~.

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;

- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or
(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.

(4) Your death.
(5) Your divorce.

For continuity of coverage, please give this notification within 30 days of the event.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:
BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:
A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:

(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

Predetermination is required for the following dental services for children:

(1) Medically necessary services or supplies;
(2) Panoramic film for children under age six (6);
(3) Periodontal scaling and root planing;
(4) Occlusal orthotic devices;
(5) Appliance therapy;
(6) Orthodontia, including preorthodontic treatment visit.

Predetermination is required for the following dental services for adults and children 19 or older:

(1) Crowns, Anterior, except with posts or root canal;
(2) Crowns, 2 or more Posterior, except with posts or root canal;
(3) Inlays or Onlays, 2 or more, except with posts or root canal;
(4) Laminates;
(5) Anterior composites;
(6) 2 or more multiple surfaces;
(7) Bridges – initial or replacement;
(8) Eligible partial dentures – initial or replacement;
(9) Periodontal surgery over $500;
(10) Full bony impactions, 2 or more.

We will have thirty (30) days to furnish the provider with an Explanation of Benefits demonstrating whether the proposed treatment will be a Covered Service under this Group Policy.

DEDUCTIBLES

Annual Deductible: The Annual Deductible shown in the Schedule of Dental Benefits will apply separately to each Insured. Each Insured must accumulate eligible expenses equal to the deductible amount.

ALTERNATIVE PROCEDURES

If more than one treatment plan exists for a dental procedure, covered dental expenses will be based on the least expensive procedure that will produce a result that meets professionally recognized standards. If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

ORTHODONTIC TREATMENT IN PROGRESS

BEST Life will consider orthodontic treatment in progress for takeover if both the prior employer group and the BEST Life plan include orthodontic coverage, and the Insured has had continuous coverage on the prior group plan. Any Orthodontic Lifetime and Calendar Year Maximum benefits used under the prior plan will be deducted from the BEST Life plan. No orthodontic benefits will be provided where the Lifetime and/or Calendar Year Maximum have been met under the prior plan.

TERMINATION OF INSURANCE

The Insured's coverage will stop on the earliest of the following dates:
(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other

Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit

in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:
BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:
A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:

(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

DEDUCTIBLES

Annual Deductible: The Annual Deductible shown in the Schedule of Dental Benefits will apply separately to each Insured. Each Insured must accumulate eligible expenses equal to the deductible amount.

ALTERNATIVE PROCEDURES

If more than one treatment plan exists for a dental procedure, covered dental expenses will be based on the least expensive procedure that will produce a result that meets professionally recognized standards. If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

ORTHODONTIC TREATMENT IN PROGRESS

BEST Life will consider orthodontic treatment in progress for takeover if both the prior employer group and the BEST Life plan include orthodontic coverage, and the Insured has had continuous coverage on the prior group plan. Any Orthodontic Lifetime and Calendar Year Maximum benefits used under the prior plan will be deducted from the BEST Life plan. No orthodontic benefits will be provided where the Lifetime and/or Calendar Year Maximum have been met under the prior plan.

TERMINATION OF INSURANCE

The Insured's coverage will stop on the earliest of the following dates:
(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other

Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date]by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

If there are special circumstances, the decision will be made as soon as possible, but no later than fifteen (15) days after receipt of the request for review. The appeal determination will be in writing and will include specific reasons for the decision. This decision shall also include specific references to the Policy provisions on which the decision was based.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit

in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

If We receive Your Dependent enrollment card more than thirty-one (31) days after a Dependent becomes eligible, Your Dependent will be considered a LATE ENTRANT. A "late entrant" shall only be eligible for Preventive Dental Procedures during the first 12 months of continuous coverage.

During the second 12 months of continuous coverage, a "late entrant" shall only be eligible for Preventive Dental Procedures and for 50% of the Benefits for Basic Dental Procedures. During this second 12 months of continuous coverage, the "late entrant" Benefits shall not exceed a maximum of $500.

The "late entrant" Benefits are subject to the Annual Deductible and Percentage Payable shown in the Schedule of Benefits of this Certificate, except as stated for Basic Dental Procedures above.

If a Dependent, other than a newborn dependent, is confined in a medical facility on the date his or her insurance would otherwise take effect, that Dependent will not be covered until the confinement ends.

Your dependent insurance will continue as long as Your Dependents remain eligible, contributions are made, and Your insurance remains in effect.

TERMINATION OF INSURANCE

The Insured's coverage will stop on the earliest of the following dates:
(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. In that case, Subscriber's Participating Employer may continue Insured's coverage by paying the required premium, but not beyond the following limits:
    (a) approved leave of absence, 3 months;
    (b) temporary layoff, the end of the month following the month, in which Subscriber's layoff started; or
    (c) total disability, 3 months;
(2) the last day of the month in which Subscriber ceases to be in a class of Subscriber eligible for insurance;
(3) the date Insured ceases to be in a class eligible for insurance under this plan;
(4) the last day of the month in which Subscriber request Subscriber's coverage to be cancelled;
(5) the day before the due date of any premium that remains unpaid at the end of the grace period;
(6) the date the Group Policy terminates;
(7) the date the Subscriber's Employer ceases to be a Participating Employer;

(8) the date the number of the Participating Employer's Subscribers falls below 2;
(9) the last day of the month in which an Insured ceases to meet the definition of Eligible Dependent; or
(10) the day the Insured moves outside of the service area for Insured's selected network. Insured may request a plan change if Insured moves within an area where an alternate plan is available.

BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of this insurance coverage.

Dependent: Your dependent's insurance will stop on the earliest of the following dates:
(1) the date Your insurance terminates;
(2) the date You fail to make a contribution for dependent insurance;
(3) the date You cease to be in a class eligible for dependent insurance; or
(4) the last day of the month in which a dependent ceases to meet the definition of "Dependent."

If a dependent child, upon reaching the termination age, is unable to sustain employment because of a permanent mental or physical handicap and You notify Us in writing within thirty-one (31) days after the termination age, We will continue coverage as long as Your coverage continues and the child continues to be handicapped and dependent upon You for support.

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date] by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after

the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and

Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

APPEALING THE DENIAL OF A CLAIM: You or an authorized representative You appoint to assist or represent You, may appeal any denial of a claim, in whole or in part, for Benefits by filing a written request for a review. The request must include all reasons You believe the initial decision was incorrect and all documentation supporting Your appeal, to BEST Life and Health Insurance Company, Attn: Appeals, [P.O. BEST Life and Health Insurance Company will provide an appeal determination not later than sixty (60) days after receipt of a request for review. If there are special circumstances, the decision will be made as soon as possible, but no later than fifteen (15) days after receipt of the request for review. The appeal determination will be in writing and will include specific reasons for the decision. This decision shall also include specific references to the Policy provisions on which the decision was based.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: [This Group Policy will terminate if: (1) the Group Policyholder has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of material fact; (2) the Group Policyholder is no longer in a class eligible for coverage, (3) the Group Policyholder requests coverage to cease; (4) BEST Life ceases to offer coverage as provided under this Policy, or (5) BEST Life loses Certification status.] We may terminate this Group Policy[at any time following the first renewal date] by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after

the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and

Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

If there are special circumstances, the decision will be made as soon as possible, but no later than fifteen (15) days after receipt of the request for review. The appeal determination will be in writing and will include specific reasons for the decision. This decision shall also include specific references to the Policy provisions on which the decision was based.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

ORTHODONTIC TREATMENT IN PROGRESS

BEST Life will consider orthodontic treatment in progress for takeover if both the prior employer group and the BEST Life plan include orthodontic coverage, and the Insured has had continuous coverage on the prior group plan. PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other

Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly

in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and

extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
   (1) the due date to pay any required premium (if premium is not paid by that date).
   (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
   (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
   (4) a date which is:
      1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
      2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

APPEALING THE DENIAL OF A CLAIM: You or an authorized representative You appoint to assist or represent You, may appeal any denial of a claim, in whole or in part, for Benefits by filing a written

request for a review. The request must include all reasons You believe the initial decision was incorrect and all documentation supporting Your appeal, to BEST Life and Health Insurance Company, Attn: Appeals, [P.O. Box 890, Meridian, ID 83680-0890, or Fax 208-893-5040].

If there are special circumstances, the decision will be made as soon as possible, but no later than fifteen (15) days after receipt of the request for review. The appeal determination will be in writing and will include specific reasons for the decision. This decision shall also include specific references to the Policy provisions on which the decision was based.

PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal

court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART ~~7~~6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7~~8~~ –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8~~9~~ – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:

- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or
(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the

termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation

rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.

(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:

(1) the due date to pay any required premium (if premium is not paid by that date).

(2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.

(3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)

(4) a date which is:

1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.

~~(7) DATE OF END OF THE PLAN'S FISCAL YEAR: [December 31].~~

PART 1~~0~~2 ~~-~~ - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit

in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 6 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

The appeal determination will be in writing and will include specific reasons for the decision. PART 10 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide

the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

The Insured's coverage will stop on the earliest of the following dates:

(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. In that case, Subscriber's Participating Employer may continue Insured's coverage by paying the required premium, but not beyond the following limits:
   (a) approved leave of absence, 3 months;
   (b) temporary layoff, the end of the month following the month, in which Subscriber's layoff started; or
   (c) total disability, 3 months;

(2) the last day of the month in which Subscriber ceases to be in a class of Subscriber eligible for insurance;

(3) the date Insured ceases to be in a class eligible for insurance under this plan;

(4) the last day of the month in which Subscriber request Subscriber's coverage to be cancelled;

(5) the day before the due date of any premium that remains unpaid at the end of the grace period;

(6) the date the Group Policy terminates;

(7) the date the Subscriber's Employer ceases to be a Participating Employer;

(8) the date the number of the Participating Employer's Subscribers falls below 2;

(9) the last day of the month in which an Insured ceases to meet the definition of Eligible Dependent; or

(10) the day the Insured moves outside of the service area for Insured's selected network. Insured may request a plan change if Insured moves within an area where an alternate plan is available.

BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of this insurance coverage.

Dependent: Your dependent's insurance will stop on the earliest of the following dates:

(1) the date Your insurance terminates;

(2) the date You fail to make a contribution for dependent insurance;

(3) the date You cease to be in a class eligible for dependent insurance; or

(4) the last day of the month in which a dependent ceases to meet the definition of "Dependent."

If a dependent child, upon reaching the termination age, is unable to sustain employment because of a permanent mental or physical handicap and You notify Us in writing within thirty-one (31) days after the termination age, We will continue coverage as long as Your coverage continues and the child continues to be handicapped and dependent upon You for support.

PART 67 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such

payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 7~~8~~ –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 8~~9~~ – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or
(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy

provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8),

You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.

(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:

(1) the due date to pay any required premium (if premium is not paid by that date).

(2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.

(3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)

(4) a date which is:

1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

~~(7) DATE OF END OF THE PLAN'S FISCAL YEAR: [December 31].~~

PART 1~~0~~2 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a

request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:

BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:
A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:

(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

Predetermination is required for the following dental services:

(1) Crowns, Anterior, except with posts or root canal;
(2) Crowns, two (2) or more Posterior, except with posts or root canal;
(3) Inlays or Onlays, two (2) or more, except with posts or root canal;
(4) Laminates;
(5) Anterior composites;
(6) Two (2) or more multiple surfaces;
(7) Bridges – initial or replacement;
(8) Eligible partial dentures – initial or replacement;
(9) Periodontal surgery over $500;
(10) Full bony impactions, two (2) or more.

We will have thirty (30) days to furnish the provider with an Explanation of Benefits demonstrating whether the proposed treatment will be a Covered Service under this Group Policy.

DEDUCTIBLES

Annual Deductible: The Annual Deductible shown in the Schedule of Dental Benefits will apply separately to each Insured. Each Insured must accumulate eligible expenses equal to the deductible

amount.

ALTERNATIVE PROCEDURES

If more than one treatment plan exists for a dental procedure, covered dental expenses will be based on the least expensive procedure that will produce a result that meets professionally recognized standards. If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

ORTHODONTIC TREATMENT IN PROGRESS

BEST Life will consider orthodontic treatment in progress for takeover if both the prior employer group and the BEST Life plan include orthodontic coverage, and the Insured has had continuous coverage on the prior group plan. Any Orthodontic Lifetime and Calendar Year Maximum benefits used under the prior plan will be deducted from the BEST Life plan. During the second 12 months of continuous coverage, a "late entrant" shall only be eligible for Preventive Dental Procedures and for 50% of the Benefits for Basic Dental Procedures. During this second 12 months of continuous coverage, the "late entrant" Benefits shall not exceed a maximum of $500.

The "late entrant" Benefits are subject to the Annual Deductible and Percentage Payable shown in the Schedule of Benefits of this Certificate, except as stated for Basic Dental Procedures above.

If You are not working full-time on the date Your coverage would otherwise take effect, You will not be covered until You return to active full-time employment.

Dependent: Your Dependent's insurance will take effect on the later of:
(1) the effective date of Your coverage, if You enrolled Your Dependent at the same time You applied for coverage; or
(2) the first day of the next calendar month following the date You enroll in writing for dependent insurance. Such enrollment must be within thirty-one (31) days of the Dependent first becoming eligible.

If We receive Your Dependent enrollment card more than thirty-one (31) days after a Dependent becomes eligible, Your Dependent will be considered a LATE ENTRANT. A "late entrant" shall only be eligible for Preventive Dental Procedures during the first 12 months of continuous coverage.

During the second 12 months of continuous coverage, a "late entrant" shall only be eligible for Preventive Dental Procedures and for 50% of the Benefits for Basic Dental Procedures. During this second 12 months of continuous coverage, the "late entrant" Benefits shall not exceed a maximum of $500.

The "late entrant" Benefits are subject to the Annual Deductible and Percentage Payable shown in the Schedule of Benefits of this Certificate, except as stated for Basic Dental Procedures above.

If a Dependent, other than a newborn dependent, is confined in a medical facility on the date his or her insurance would otherwise take effect, that Dependent will not be covered until the confinement ends.

Your dependent insurance will continue as long as Your Dependents remain eligible, contributions are made, and Your insurance remains in effect.

TERMINATION OF INSURANCE

The Insured’s coverage will stop on the earliest of the following dates:

(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. In that case, Subscriber's Participating Employer may continue Insured's coverage by paying the required premium, but not beyond the following limits:
   (a) approved leave of absence, 3 months;
   (b) temporary layoff, the end of the month following the month, in which Subscriber's layoff started; or
   (c) total disability, 3 months;
(2) the last day of the month in which Subscriber ceases to be in a class of Subscriber eligible for insurance;
(3) the date Insured ceases to be in a class eligible for insurance under this plan;
(4) the last day of the month in which Subscriber request Subscriber's coverage to be cancelled;
(5) the day before the due date of any premium that remains unpaid at the end of the grace period;
(6) the date the Group Policy terminates;
(7) the date the Subscriber's Employer ceases to be a Participating Employer;
(8) the date the number of the Participating Employer's Subscribers falls below 2;
(9) the last day of the month in which an Insured ceases to meet the definition of Eligible Dependent; or
(10) the day the Insured moves outside of the service area for Insured's selected network. Insured may request a plan change if Insured moves within an area where an alternate plan is available.

BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of this insurance coverage.

Dependent: Your dependent's insurance will stop on the earliest of the following dates:
(1) the date Your insurance terminates;
(2) the date You fail to make a contribution for dependent insurance;
(3) the date You cease to be in a class eligible for dependent insurance; or
(4) the last day of the month in which a dependent ceases to meet the definition of "Dependent."

If a dependent child, upon reaching the termination age, is unable to sustain employment because of a permanent mental or physical handicap and You notify Us in writing within thirty-one (31) days after the termination age, We will continue coverage as long as Your coverage continues and the child continues to be handicapped and dependent upon You for support.

PART 7 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary.

This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 8 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal

premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 9 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is

continued for any other reason.

PART 11 - SUMMARY PLAN DESCRIPTION SUPPLEMENT

The following information is required by the Employee Retirement Income Security Act of 1974 (ERISA), and together with the rest of your Certificate, it forms the Summary Plan Description.

(1) NAME OF PLAN: [Beneficial Employees Security Trust], [P.O. Box 3100, Newport Beach, California 92658-9027].
(2) PLAN IDENTIFICATION NUMBER: [501].
(3) TYPE OF ADMINISTRATION AND TYPE OF WELFARE PLAN: The plan is administered by [BEST Life and Health Insurance Company] located at [2505 McCabe Way, Irvine, California 92614], [(800) 433-0088]. Benefits are insured in accordance with the Group Dental Insurance Policy issued by BEST Life.
(4) AGENT FOR SERVICE: The Chief Legal counsel of BEST Life at [the above address].

(6) SOURCE OF PLAN CONTRIBUTION: The contributions necessary to finance the plan are made by the employer and employees.

(7) DATE OF END OF THE PLAN'S FISCAL YEAR: [December 31].

PART 12 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:

BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:
A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:

(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

Predetermination is required for the following dental services:

(1) Crowns, Anterior, except with posts or root canal;
(2) Crowns, two (2) or more Posterior, except with posts or root canal;
(3) Inlays or Onlays, two (2) or more, except with posts or root canal;

If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

ORTHODONTIC TREATMENT IN PROGRESS

BEST Life will consider orthodontic treatment in progress for takeover if both the prior employer group and the BEST Life plan include orthodontic coverage, and the Insured has had continuous coverage on the prior group plan. Any Orthodontic Lifetime and Calendar Year Maximum benefits used under the prior plan will be deducted from the BEST Life plan. PART 7 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary.

This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:

- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the Policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 8 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal

premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of reinstatement. The reinstated Policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the Policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 9 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The Policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this Policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this Policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the Policy.

Right to Contest: After this Policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the Policy) commencing after two (2) years from the date of issue of this Policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this Policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this Policy for any loss other than loss for which this Policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this Policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.

PART 11 - SUMMARY PLAN DESCRIPTION SUPPLEMENT

The following information is required by the Employee Retirement Income Security Act of 1974 (ERISA), and together with the rest of your Certificate, it forms the Summary Plan Description.

(1) NAME OF PLAN: [Beneficial Employees Security Trust], [P.O. Box 3100, Newport Beach, California 92658-9027].
(2) PLAN IDENTIFICATION NUMBER: [501].
(3) TYPE OF ADMINISTRATION AND TYPE OF WELFARE PLAN: The plan is administered by [BEST Life and Health Insurance Company] located at [2505 McCabe Way, Irvine, California 92614], [(800) 433-0088]. Benefits are insured in accordance with the Group Dental Insurance Policy issued by BEST Life.
(4) AGENT FOR SERVICE: The Chief Legal counsel of BEST Life at [the above address].
(5) TRUSTEE OF THE PLAN: [Wells Fargo Bank, N.A., 180 South Main Street, 2nd Floor, Salt Lake City, Utah 84101].
(6) SOURCE OF PLAN CONTRIBUTION: The contributions necessary to finance the plan are made by the employer and employees.

(7) DATE OF END OF THE PLAN'S FISCAL YEAR: [December 31].

PART 12 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.

(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within thirty (30) days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

PART 3 - LIMITATIONS AND COST SHARING

ACCESS TO CARE

Using a Network Provider:
BEST Life offers Insureds the option to save on out-of-pocket costs when care is provided by a Network Provider. A listing of General Dentists and Specialists is available. To find a Network Provider, please refer to the Network information provided on the ID Card.

How to Select a Dentist:
Insureds on this Plan may obtain dental services from any licensed dental professional in the United States. To use the Plan, Insureds may directly contact the dentist of their choice and make an appointment. Insureds are advised to bring their ID Card to their appointment. The dentist may require a copy of the Insured's ID Card to confirm eligibility on this Plan.

How to Obtain a Referral:
A dentist may determine that an Insured requires treatment from a dental provider that specializes in a type of dentistry (Specialist). The Insured does not need to contact BEST Life for a referral. The Insured can directly contact the Specialist to make an appointment. The Specialist may require information from the Insured's dentist to determine a treatment plan and may contact the dentist directly.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:
(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

Predetermination is required for the following dental services:
(1) Medically necessary service or supplies;

(2) Crowns (other than stainless steel);
(3) Apicoectomy;
(4) Non-emergency third molar extractions;
(5) Maxillofacial prosthetics;
(6) Orthodontia;
(7) Emergency room services provided by a dentist; and
(8) Inpatient hospital services.

We will have 30 days to furnish the provider with an Explanation of Benefits demonstrating whether the proposed treatment will be a Covered Service under this Group Policy.

DEDUCTIBLES

Annual Deductible: The Annual Deductible shown in the Schedule of Dental Benefits will apply separately to each Insured. Each Insured must accumulate eligible expenses equal to the deductible amount.

ALTERNATIVE PROCEDURES

If more than one treatment plan exists for a dental procedure, covered dental expenses will be based on the least expensive procedure that will produce a result that meets professionally recognized standards. If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

PART 4 – EXCLUSIONS

The following exclusions are not Covered Services. No payments will be made by Us for these services:

(2) A partner or proprietor in a Subscribing Employer who is actively engaged in the business on a full-time basis.

PART 6 - COVERAGE EFFECTIVE AND TERMINATION DATES

EFFECTIVE DATE

Dependent: Your Dependent's insurance will take effect on the later of:

(1) the effective date of Your coverage, if You enrolled Your Dependent at the same time You applied for coverage; or

(2) the first day of the next calendar month following the date You enroll in writing for dependent insurance. Such enrollment must be within 31 days of the Dependent first becoming eligible.

If We receive Your Dependent enrollment card more than 31 days after a Dependent becomes eligible, Your Dependent will be considered a LATE ENTRANT. A "late entrant" shall only be eligible for Preventive Dental Procedures during the first 12 months of continuous coverage.

During the second 12 months of continuous coverage, a "late entrant" shall only be eligible for Preventive Dental Procedures and for 50% of the Benefits for Basic Dental Procedures. During this second 12 months of continuous coverage, the "late entrant" Benefits shall not exceed a maximum of $500.

The "late entrant" Benefits are subject to the Annual Deductible and Percentage Payable shown in the Schedule of Benefits of this Certificate, except as stated for Basic Dental Procedures above.

If a Dependent, other than a newborn dependent, is confined in a medical facility on the date his or her insurance would otherwise take effect, that Dependent will not be covered until the confinement ends.

Your dependent insurance will continue as long as Your Dependents remain eligible, contributions are made, and Your insurance remains in effect.

TERMINATION OF INSURANCE

The Insured’s coverage will stop on the earliest of the following dates:

(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. In that case, Subscriber's Participating Employer may continue Insured's coverage by paying the required premium, but not beyond the following limits:
   (a) approved leave of absence, 3 months;
   (b) temporary layoff, the end of the month following the month, in which Subscriber's layoff started; or
   (c) total disability, 3 months;
(2) the last day of the month in which Subscriber ceases to be in a class of Subscriber eligible for insurance;
(3) the date Insured ceases to be in a class eligible for insurance under this plan;

(9) the last day of the month in which an Insured ceases to meet the definition of Eligible Dependent; or
(10) the day the Insured moves outside of the service area for Insured's selected network. Insured may request a plan change if Insured moves within an area where an alternate plan is available.

BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of this insurance coverage.

PART 7 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured you is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of

the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 8 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of

reinstatement. The reinstated policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 9 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the policy.

Right to Contest: After this policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the policy) commencing after two (2) years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and

Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

PART 11 - SUMMARY PLAN DESCRIPTION SUPPLEMENT

The following information is required by the Employee Retirement Income Security Act of 1974 (ERISA), and together with the rest of your Certificate, it forms the Summary Plan Description.

(1) NAME OF PLAN: [Beneficial Employees Security Trust], [P.O. Box 3100, Newport Beach, California 92658-9027].
(2) PLAN IDENTIFICATION NUMBER: [501].
(3) TYPE OF ADMINISTRATION AND TYPE OF WELFARE PLAN: The plan is administered by [BEST Life and Health Insurance Company] located at [2505 McCabe Way, Irvine, California 92614], [(800) 433-0088]. Benefits are insured in accordance with the Group Dental Insurance Policy issued by BEST Life.
(4) AGENT FOR SERVICE: The Chief Legal counsel of BEST Life at [the above address].
(5) TRUSTEE OF THE PLAN: [Wells Fargo Bank, N.A., 180 South Main Street, 2nd Floor, Salt Lake City, Utah 84101].
(6) SOURCE OF PLAN CONTRIBUTION: The contributions necessary to finance the plan are made by the employer and employees.
(7) DATE OF END OF THE PLAN'S FISCAL YEAR: [December 31].

PART 12 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.
(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within 30 days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

ADVANCE NOTICE OF DENTAL TREATMENT

Subscriber or Insured should submit Advance Notice of Dental Treatment before treatment commences in order to obtain Predetermination of Covered Services, including services that are medically necessary. If dental services are performed without such Predetermination, We reserve the right to deny any claim submitted with respect to such Covered Services; provided however, that predetermination is not required for:
(1) Covered Services for which the related expense is less than $500 during any course of treatment ("course of treatment" means one treatment or one of a planned series of treatments resulting from dental examination);
(2) Emergency treatment; or
(3) Oral examination and prophylaxis.

Predetermination is required for the following dental services:
(1) Medically necessary service or supplies;

(2) Crowns (other than stainless steel);
(3) Apicoectomy;
(4) Non-emergency third molar extractions;
(5) Maxillofacial prosthetics;
(6) Orthodontia;
(7) Emergency room services provided by a dentist; and
(8) Inpatient hospital services.

We will have 30 days to furnish the provider with an Explanation of Benefits demonstrating whether the proposed treatment will be a Covered Service under this Group Policy.

DEDUCTIBLES

Annual Deductible: The Annual Deductible shown in the Schedule of Dental Benefits will apply separately to each Insured. Each Insured must accumulate eligible expenses equal to the deductible amount.

ALTERNATIVE PROCEDURES

If more than one treatment plan exists for a dental procedure, covered dental expenses will be based on the least expensive procedure that will produce a result that meets professionally recognized standards. If the Insured's provider elects the more expensive treatment, the Insured or Subscriber shall be responsible for any charges that are greater than the covered expense for the less expensive treatment.

PART 4 – EXCLUSIONS

The following exclusions are not Covered Services. No payments will be made by Us for these services:

(28) Services and supplies performed outside of the United States of America.

(2) the first day of the next calendar month following the date You enroll in writing for dependent insurance. Such enrollment must be within 31 days of the Dependent first becoming eligible.

During the second 12 months of continuous coverage, a "late entrant" shall only be eligible for Preventive Dental Procedures and for 50% of the Benefits for Basic Dental Procedures. During this second 12 months of continuous coverage, the "late entrant" Benefits shall not exceed a maximum of $500.

The "late entrant" Benefits are subject to the Annual Deductible and Percentage Payable shown in the Schedule of Benefits of this Certificate, except as stated for Basic Dental Procedures above.

If a Dependent, other than a newborn dependent, is confined in a medical facility on the date his or her insurance would otherwise take effect, that Dependent will not be covered until the confinement ends.

Your dependent insurance will continue as long as Your Dependents remain eligible, contributions are made, and Your insurance remains in effect.

TERMINATION OF INSURANCE

The Insured's coverage will stop on the earliest of the following dates:

(1) the last day of the month in which the Subscriber ceases active employment with the Participating Employer, unless Subscriber is on leave of absence, temporary layoff or total disability. BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of this insurance coverage.

PART 7 – COORDINATION OF BENEFITS

Benefits Subject to this Provision: All of the benefits provided under the Policy are subject to this provision.

If an Insured you is covered by two or more group health insurance policies, the policies may coordinate benefits. Group insurance was designed to cover dental expenses; however, it was never intended to pay in excess of 100% of incurred charges. Coordination of Benefits is established as a method by which two or more carriers or plans could coordinate their respective benefits so the total benefit paid does not exceed 100% of the total allowable expenses incurred.

When there are two or more group carriers involved, one of the carriers is primary and one is secondary. This continues for all carriers involved. The primary carrier pays first, the secondary carrier pays second. This continues for all carriers involved. The order of the carriers is determined, as follows:

Dependent Children of Non-Separated or Divorced Parents: The plan covering the parent whose birthday falls earlier in the year is the primary carrier for an Insured under this Certificate. If both parents have the same birthday, the plan that has provided coverage longer is the primary carrier.

Dependent Children of Separated or Divorced Parents: The plans must pay in the following order:
- First, the plan of the parent with custody of the child;
- Then, the plan of the spouse or domestic partner of the parent with custody of the child;
- Finally, the plan of the parent not having custody of the child.

However, if terms of a court decree state that one parent is responsible for the health care expenses of

the child, and the insurance company has been advised of the responsibility, that plan is primary carrier over the plan of the other parent.

Dependent Children of Parents With Joint Custody: The birthday rule applies in this situation.

Right to Receive and Release Necessary Information: For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provisions of similar purpose of any other Plan, We may, with the consent of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which We deem to be necessary for such purposes. Such information may include information for payment of claims, information to administer your benefits or information to determine medical necessity with our case manager. Any person claiming benefits under this Plan shall furnish to Us such information as may be necessary to implement this provision.

Facility of Payment: Whenever payments which should have been made under this Plan in accordance with the Policy have been made under any other Plans, We shall have the right to pay over to any organizations making such other payments any amounts to satisfy our obligation under the policy, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, We shall be fully discharged from liability under this Plan.

Right to Recovery: Whenever payments have been made by Us with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, We shall have the right to recover such payments, to the extent of such excess, from among one or more of the following: any persons to or for or with respect to whom such payments are made, any other insurers, service Plans or any other organizations.

PART 8 –PREMIUM PROVISIONS

Premium Payments: Renewal premiums are payable to the Company. The payment of any premium shall not continue this Group Policy in force beyond the next premium due date, except as provided in the Grace Period provision.

Changes in Premiums: We may change the amount of the required premium due from the Group Policyholder by giving the Group Policyholder at least sixty (60) days advance written notice. During the first 12 months, We will not change the amount of the required premium.

Grace Period: This Group Policy has a thirty-one (31) day Grace Period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the following thirty-one (31) days. During the Grace Period, this Group Policy will remain in force. If the required premium is not paid by the end of this Grace Period, this Group Policy will lapse as of the end of the Grace Period.

Termination of Group Policy: We may terminate this Group Policy at any time following the first renewal date by giving the Group Policyholder written notice at least sixty (60) days in advance. The Group Policyholder may also terminate this Group Policy by giving Us written notice at least sixty (60) days before the intended termination date. This Group Policy will also terminate if the required premium is not paid by the Group Policyholder as provided in the Grace Period provision.

Reinstatement: If any renewal premium is not paid by the end of the Grace Period, coverage under this Group Policy will be terminated. However, BEST Life will reinstate this Group Policy, without requiring an application for reinstatement, as long as premium is paid for at least the sixty (60) days prior to the date of

reinstatement. The reinstated policy will cover only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness beginning ten (10) days after reinstatement. In all other respects the insured and BEST Life shall have the same rights as they had under the policy immediately before the due date of the defaulted premium, subject to conditions and provisions of the Policy.

PART 9 – GENERAL PROVISIONS

Clerical Error: Clerical error by the Group Policyholder shall not invalidate insurance otherwise validly in force nor continue insurance otherwise validly terminated.

Third Party Responsibility: If an Insured is injured or becomes ill through the act or omission of another person, to the extent that the Insured recovers medical expenses for the same Injury or Illness from a third party or its insurer, We will be entitled to a repayment of any remuneration in excess of benefits paid under the Policy due to the same Injury or Illness, and after the Insured is fully compensated for his or her loss. We may file a lien for such repayment. Upon request, the Insured must complete and return the required forms to Us.

The repayment agreement will be binding upon the Insured, or the legal representative of a minor or incompetent, whether:

(1) the payment received from the third party, or its insurer, is the result of:
- legal judgment;
- an arbitration award;
- a compromise settlement;
- any other arrangements; or

(2) the third party or its insurer had admitted liability for the payment; or

(3) the dental expenses are itemized in the third party payment.

Entire Contract; Changes: The policy, including the endorsements, certificates, riders, application and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions. We will consider any statement made by the Insured or the Policyholder, in the absence of fraud, as a representation and not a warranty.

Underwriting Decisions: If, for any reason, We cannot accept Your application for coverage, We will communicate Our decision to You in writing with the reasons supporting Our decision.

Notification to Insureds: BEST Life will notify Subscriber in writing by mail to Subscriber's last known address at least thirty (30) days prior to the effective date of the termination of your insurance, a change in your premium, a change in eligibility or a change in your benefits. This notice will be given to the appropriate insurance producer and the appropriate administrator, if any, along with non-employee certificate holders or employees if more than one employer is covered under the policy.

Right to Contest: After this policy has been in force for a period of two (2) years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application. No claim for loss incurred or disability (as defined in the policy) commencing after two (2) years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

Notice of Claim: We must receive written notice within twenty (20) days after a claim starts or as soon as reasonably possible. The notice shall be sent to BEST Life and Health Insurance Company at [2505 McCabe Way, Irvine, California 92614] or given it to Our agent.

Claim Forms: When We receive a notice of claim, We will send forms for filing the claim. If the Subscriber or Insured do not receive these forms within fifteen (15) days, the Subscriber or Insured may send Us a written statement to satisfy this requirement. This statement should include the nature and extent of the claim and be sent to Us within the time stated in the Proof of Loss provision.

Proof of Loss: We must receive written proof of loss within ninety (90) days of a claim. If it is not possible for proof to be provided within the ninety (90) days, We will not deny a claim for this reason if We receive the proof as soon as possible. In any event, We must receive proof no later than one year from the time specified, unless Subscriber is legally incapacitated.

Time of Payment of Claims: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid monthly and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

Payment of Claims: All payments will be made to Subscriber or Insured's provider.

Legal Actions: A legal action may not be brought against Us before sixty (60) days, or after three (3) years, from the date written proof of loss is required to be given.

Time Limit on Certain Defenses: After this Group Policy has been in force for two (2) years, We will not use any statements made in the application of the Policyholder to void the Policy. After an Insured Person has been covered under this Group Policy for two (2) years, We will not use any statement made in the Insured Person's enrollment form to defend a claim.

Misstatement of Age: If the age of any individual covered under the Policy has been misstated, there shall be an adjustment of premium for the Policy so that there shall be paid to Us the premium for the coverage of such individual at his or her correct age, and the amount of the insurance coverage shall not be affected.

Worker's Compensation: The Policy is not in lieu of and does not affect any requirement for coverage by Worker's Compensation Insurance.

Conformity with State Statutes: Any provisions of the Policy which are in conflict with the statutes of the state in which the Policy was issued or delivered will be changed to conform to such laws.

Waiver of Rights: If We fail to enforce any provision of the Policy, such failure will not affect Our right to do so at a later date, nor will it affect Our right to enforce any other provision of the Policy.

Inspection of Group Policy: The Group Policy is in the possession of the Policyholder. It may be inspected at any time during business hours at the office of the Policyholder.

Duty to Cooperate: As a condition precedent to the payment of benefits hereunder, the Subscriber and

Insured are required to cooperate with Us by providing all information reasonably required to accurately process a claim. Any failure to provide necessary information may result in a denial of benefits for the claim.

CONTINUATION OF DENTAL COVERAGE: Federal Law (Public Law 99-272) requires Continuation of Dental Coverage for employers with 20 or more employees. Subject to the 20 employee requirement, You and Your Dependents who are covered under the group dental plan have the right to continue Your group dental coverage if it would terminate for the following specified reasons:

Comment [m1]: Required by TN law

(1) Termination of employment for any reason, except gross misconduct.
(2) Loss of dental plan eligibility due to reduced employment hours.
(3) Your employer files for a Chapter 11 reorganization;
(4) Your death.
(5) Your divorce.
(6) Your legal separation if You no longer make contributions for spouse or domestic partner coverage.
(7) A dependent child ceases to be a Dependent (i.e., reaches the maximum age, or becomes married, or is no longer a dependent for income tax purposes).
(8) A Dependent's loss of eligibility because You become entitled to Medicare Benefits.
(9) If You or Your Dependent would lose coverage due to one of the reasons in (5), (6), (7) or (8), You or Your Dependent must notify Us so We can give appropriate notice of Continuation rights and the terms which apply to the Continuation. For continuity of coverage, please give this notification within 30 days of the event.
(10) If You or Your Dependent elect the continued coverage and make the proper premium payment, the coverage would be continued until the earliest of:
    (1) the due date to pay any required premium (if premium is not paid by that date).
    (2) the date the continued person becomes covered under another group dental plan or entitled to Medicare Benefits.
    (3) the date the employer's group dental plan terminates. (If coverage is replaced, the Continuation is continued under the succeeding plan.)
    (4) a date which is:
        1. 18 months from the date coverage would have terminated because Your employment was terminated or eligibility was lost due to reduction in hours. However, if You are determined to have been disabled for Social Security purposes, You can continue coverage for 29 months from the date coverage terminated provided that notice of such determination of disability is given within 60 days and before the end of the 18-month continuation period.
        2. 36 months from the date coverage would have terminated, if coverage is continued for any other reason.

PART 11 - SUMMARY PLAN DESCRIPTION SUPPLEMENT

The following information is required by the Employee Retirement Income Security Act of 1974 (ERISA), and together with the rest of your Certificate, it forms the Summary Plan Description.

(1) NAME OF PLAN: [Beneficial Employees Security Trust], [P.O. Box 3100, Newport Beach, California 92658-9027].
(2) PLAN IDENTIFICATION NUMBER: [501].
(3) TYPE OF ADMINISTRATION AND TYPE OF WELFARE PLAN: The plan is administered by [BEST Life and Health Insurance Company] located at [2505 McCabe Way, Irvine, California 92614], [(800) 433-0088]. Benefits are insured in accordance with the Group Dental Insurance Policy issued by BEST Life.
(4) AGENT FOR SERVICE: The Chief Legal counsel of BEST Life at [the above address].
(5) TRUSTEE OF THE PLAN: [Wells Fargo Bank, N.A., 180 South Main Street, 2nd Floor, Salt Lake City, Utah 84101].
(6) SOURCE OF PLAN CONTRIBUTION: The contributions necessary to finance the plan are made by the employer and employees.
(7) DATE OF END OF THE PLAN'S FISCAL YEAR: [December 31].

PART 12 - STATEMENT OF ERISA RIGHTS

A Plan participant is entitled to certain rights and protection under the Employee Retirement Income Security Act of 1974, as follows:

(1) Examine, without charge, at the Administrative Representative's office and at other locations, such as work sites and union halls, all Plan documents including insurance contracts, collective bargaining agreements and copies of all documents filed by the Plan with the U.S. Department of Labor, such as detailed annual reports and Plan descriptions.
(2) Obtain copies of all Plan documents and other Plan information upon written request to the Administrative Representative. The Administrative Representative may make a reasonable charge for the copies.

(3) Receive a summary of the Plan's annual financial report. The Administrative Representative is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for the Plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee Benefit Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of Plan participants and beneficiaries.

No one, including a Participating Employer, union, or any other person, may fire or otherwise discriminate against an insured in any way to prevent the insured from obtaining a welfare Benefit or exercising rights under ERISA.

If a claim for a Welfare Benefit is denied in whole or in part, the Plan must provide a written explanation of the reason for the denial.

An insured has the right to have the Plan review and reconsider any claim.

Under ERISA, there are steps one can take to enforce the above rights. For instance, if one makes a request for materials from the Plan and does not receive them within 30 days, one may file suit in a federal court. In such a case, the court may require the Administrative Representative to provide the materials and pay up to $100 a day until it provides the materials, unless the materials were not sent because of reasons beyond the control of the Administrative Representative. If one has a claim for Benefits which are denied or ignored, in whole or in part, one may file suit in a state or federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if one is discriminated against for asserting his or her rights, one may seek assistance from the U.S. Department of Labor, or one may file suit in a federal court. The court will decide who should pay court costs and legal fees. If one is successful, the court may order the person sued to pay these costs and fees. If one loses, the court may order that person to pay these costs and fees.

If one has questions about a Plan, he or she should contact the Administrative Representative. If one has questions about this statement or about rights under ERISA, he or she should contact the nearest Area Office of the U.S. Labor-Management Services Administration, Department of Labor.

I certify that this is a bona fide business with a legitimate business purpose and which has a true employer-employee relationship with the individuals designated as employees. I understand that any false statements made in this application constitute the legal basis for termination or cancellation of coverage retroactive to the effective date and denial of all claims incurred.

I understand and agree that the insurance hereby applied for is not effective until this application and the full initial premium is delivered to, received by and approved by BEST Life and Health Insurance Company.

Termination of Coverage—Employee coverage and dependent coverage will terminate on the earliest of the following dates: (1) the date the employee ceases to be an eligible employee or the date the dependent is no longer eligible as a dependent under the plan; (2) the date the plan is terminated; (3) the date the employer terminates the coverage by failing to pay the required premium; (4) the date the group policy is terminated; (5) the date the group no longer meets minimum participation requirements. The benefits are subject to all the conditions and limitations of the plan.

Eligible dependent coverage terminates on the earliest of the following: (1) when the dependent no longer meets the definition of a dependent; (2) on the first day of the month in which premiums were not paid; or (3) when the member terminates coverage.

FIRM ELIGIBILITY:

A firm or employer must be an active business operation to request coverage. The business must continue on an active basis to retain eligibility for coverage. Coverage will be terminated on the effective date the business ceases active operation. I understand that if my firm drops in size to 1 employee, and if additional employees are not enrolled and active for coverage within 2 months, all of my selected insurance coverage will be cancelled.

IMPORTANT PLAN INFORMATION

The undersigned Employer understands and agrees that it is establishing an employee welfare benefit plan for its employees. The Employer further understands and agrees that the general definition of an employee is a person who usually works at least 30 hours per week at the firm's business location with federal, state and social security tax withheld from their salary.

The Employer understands that by signing this Trust Subscriber Agreement, it is subscribing to a trust group insurance policy for which Beneficial Employees Security Trust of Utah ("B.E.S.T.") is the Master Group Policy policyholder, which is sponsored by the BEST Employers Association ("BEA") to which the Employer joins. B.E.S.T. receives the subscribing Employer's payment and remits the insurance premium(s) to the insurance carrier(s) or to affiliates, Beneficial Administration and BEST Health Plans that provide services to subscribing employers and to B.E.S.T. One of the insurance carriers is BEST Life and Health Insurance Company ("BEST Life").

The Employer understands that by signing this Trust Subscriber Agreement it shall be bound to all the terms and conditions of the Declaration of Trust, including an agreement that the Trustee shall not be liable to any subscribing employer, to any person insured, or to anyone else in connection with the operation of the Group Insurance Trust Fund. The Master Group Policy is governed by the laws of the state of Utah. However, to the extent that such Policy and/or Certificate of Insurance is in conflict with the laws of another demonstrating statutory governing jurisdiction over an out-of-state multiple employer trust Policy, then such Policy and/or Certificate of Insurance may be amended to comply with the minimum requirements of that State.

The Employer understands that by signing this Trust Subscriber Agreement, it becomes a member of BEA and a $2.00 monthly due will be charged along with the insurance premium for the plan(s) the Employer selects. This will also provide access to benefits offered by BEA and may vary by availability, vendor, or state of residence of the participating employer.

FRAUD NOTICE – The following general Fraud Notice is intended to comply with the laws of your state. If any part of such language is found in conflict, such language shall be construed as amended to the extent necessary in order to meet the minimum requirements of your state. Any person who, knowingly and with intent to defraud or deceive any insurance company, files an application containing any materially false, incomplete or misleading information may be guilty of committing a fraudulent insurance act which is a crime and may be subject to criminal prosecution.
